

Environment & Sustainability Statement

At Worldwide International Ltd t/a Publiship, we are committed to conducting our business in a way that protects the environment, promotes sustainability, and supports the communities we serve. We recognize our responsibility to reduce our environmental impact and are dedicated to minimizing our carbon footprint while fostering a culture of sustainability within our organisation.

Our Commitments:

1. **Reducing Carbon Emissions:** We actively work with all our suppliers to reduce our greenhouse gas emissions through energy-efficient practices, investing in renewable energy sources, and adopting sustainable transportation options.
2. **Resource Efficiency:** We prioritize the efficient use of resources in all our operations, reducing waste generation and promoting recycling and reuse wherever possible. We continuously strive to lower energy consumption and to implement sustainable sourcing practices across our supply chain.
3. **Promoting Sustainable Products and Services:** We are committed to providing products and services that are environmentally responsible. This includes partnering with suppliers who share our sustainability values and ensuring that our offerings align with environmental best practices.
4. **Compliance and Continuous Improvement:** We ensure full compliance with environmental laws and regulations in the UK and set internal standards that often exceed regulatory requirements.
5. **Engagement and Education:** We actively engage and educate our employees, partners, and customers on environmental issues and sustainable practices. We encourage feedback and innovation within our teams to drive positive environmental change.

Our Vision for a Sustainable Future:

We believe that a sustainable future is essential for our business, society, and the environment. Through ongoing commitment and continuous improvement, we are dedicated to leaving a positive legacy for future generations and making meaningful contributions to the fight against climate change.
